

# Raising Capital for Start-ups

As a start-up entrepreneur you have invested your time, money and energy into creating the company of your dreams. You see the potential that your business has to change the world, the only thing lacking is the access to the right investors to turn this dream into a reality. Most entrepreneurs are highly skilled in creating companies, but they lack the network of investors and financial backers to fully succeed. Pristine Advisers can help your company succeed.

Active for more than 33 years in the finance industry, Pristine Advisers has the knowledge, network and experience to help entrepreneurs raise the required capital for their growing business. We create the right type of awareness in the finance industry for start-ups to grow and prosper.

As an entrepreneur, you can choose from a variety of our Raising Capital packages, including:

**Investor Targeting and Marketing for Start-ups** Pristine Advisers can match your company up with the perfect investors and venture capital firms by:

- Introducing your company to potential investors

- Diversifying and expanding your shareholder base
- Conducting shareholder research, targeting and analysis
- Consulting, writing and distributing press releases

## IPO Consultations

Whether your company is looking for first-round angel investors or preparing to go public, our services are scalable to meet the unique challenges for any organization seeking to raise capital. Our IPO services include:

- IPO program development & implementation
- Pre-IPO, IPO and post-IPO programs
- Listing services
- Investor and media relations in the preparation of an IPO
- Disclosure and transparency

**Contact us today to discover all of the possibilities Pristine Advisers offers to help your company find its ideal investors.**
