Patricia is very good at what she does, Although she was on the phone all the time to manage clients, we did get sometime to get to know each other, She was one of the most tech savvy computer users in our company who knew how to fix their tech issues. Besides that she is the person I know with the best written, communication and time management skills.

I have known Patricia for many years at The Altman Group - initially during my tenure at the New York Stock Exchange, where she was a vital link between the NYSE and many of the key financial companies that were members of the Exchange. Later, when I associated myself with Cohen & Steers Funds, we utilized her company to assist us in many important activities. I highly recommend her for any high-level position in a financial oriented firm that demands complete professionalism and high integrity.
